630,8498	Scorpio	10°	220,2642	Nov. 21, 630	Scorpio	13° 44'

¹ This is a wee bit of a dilemma! If I do not use 3° here, then the shifts do not agree forward in time. If I do use 3° here, then the shift occurs in Pisces, not Scorpio!! The actual degree of the conjunction is not given in any text I can find.
